A FAVORABLE OUTLOOK.

Dun's review for the past week gives a very hopeful view of the business outlook. It says that "unfavorable signs are rare in the business outlook. Manufacturing industries enjoy exceptional activity and most jobbers and retailers find no occasion for complaint. Mild weather is the one influence that may be charged with retarding retail merchandise distribution, yet there is general confidence that any sales thus postponed will be made up later. The same influence is invaluable in facilitating the handling of crops, erecting buildings and outdoor work. Although a fifth of the year is still to be heard from, including the usual interruption of elections and possible disturbances of legislation, there is ample evidence that the volume of legitimate business will largely exceed all previous records.

A WORTHY SUCCESSOR.

Something New Under

'The Sun.'

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and

experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES," the GUARANTEED CATARRH CURE, and is sold at the extremely low price of one dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently, and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special service from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES," the "GUARANTEED CATARRH CURE."
